Memorial Day, Monday, May 29th -DWD Offices Closed

Please be advised that the offices for DWD Professional Management will be closed on **Monday, May 29, 2023** in observance of the Memorial Day holiday. We wish everyone a happy and safe Memorial Day weekend!

Hurricane Season

Hurricane season will begin on Thursday, June 1st and will continue through the end of November. The National Oceanic and Atmospheric Administration is predicting a near normal season this year with between 12 to 17 total named storms (winds 39 mph or higher) of which 5-9 may become hurricanes (winds 74 mph or higher) including 1 to 4 major hurricanes (category 3, 4, or 5; with winds of 111 mph or higher). Therefore, please take the time now to prepare your home and your family for hurricane season. Please see the pages below for additional information about hurricane preparedness provided by HIG Insurance. The Federal

Please direct all concerns to the management company. For ARB requests, please go to the Association's website, www.summerfieldatmeadowwoods.com. Click on "Resident Services" then "Online Forms." Fill out and submit the form prior to making any exterior modifications to your home.

Debris Outside Units

As a member of a homeowners' association, it's important to remember that there are rules and regulations in place to maintain the appearance and functionality of our community. One issue that has been brought to the attention of the association is the placement of items outside of units on association property, particularly on non-trash pick-up days. This is a violation of the HOA rules, and it's important for residents to understand why.

First and foremost, placing items outside of your unit on non-trash pick-up days can create a safety hazard for residents and visitors. Objects that are left unattended can become tripping hazards, especially for those with mobility

issues. Additionally, these items can obstruct pathways and emergency exits, making it difficult for emergency responders to access the area in the event of an emergency.

This practice can negatively impact the appearance of the community. The HOA works hard to maintain the common areas, and the presence of clutter can make the community look unkempt and unsightly. It can also decrease property values and deter potential buyers from considering the community as a desirable place to live.

So, what should you do if you have items that you need to dispose of on a non-trash pick-up day? The best course of action is to store them inside your unit until the next trash pick-up day.

In conclusion, it's important to remember that we all have a responsibility to maintain the appearance and functionality of our community. This includes adhering to the rules and regulations that have been put in place. By working together, we can ensure that our community remains a safe and desirable place to live.

Vehicles Driving Over the Grass

we have observed a concerning trend of vehicles driving over the grass in various areas. We feel it is important to address this issue and seek your cooperation in preserving our shared spaces. Driving over the grass not only damages the aesthetic appeal of our community but also poses several risks, including:

- Turf Damage: The repeated driving over grass areas leads to the destruction of the grass and can result in unsightly bare patches. Repairing and restoring these areas can be time-consuming and costly, impacting our community's overall appearance.
- 2. Safety Hazards: Driving over grass poses safety risks, both for the drivers and pedestrians. Uneven terrain, hidden objects, and potential damage to sprinkler systems are just a few examples of the dangers that arise from this practice.

We kindly request your assistance in upholding the following guidelines to protect our community grounds and promote a safe environment for all:

 Stick to Designated Roads and Parking Areas: Please ensure that you, your household members, tenants, and guests follow designated roads and parking areas. These designated pathways are designed to safely accommodate vehicular traffic and minimize damage

- to our community's green spaces.
- 2. Educate Visitors: When hosting guests or welcoming service providers to your property, kindly inform them about the designated roads and parking areas. By extending this information, we can collectively contribute to the preservation of our community's aesthetics.
- 3. Reporting Incidents: If you witness any vehicles driving over the grass or notice any turf damage, please promptly report the incident to the community management office. Your timely reporting enables us to address the issue promptly and take appropriate measures to prevent further damage.

Preserving the integrity of our community grounds requires the collective effort of each homeowner. By adhering to these guidelines, we can maintain a beautiful environment that we can all take pride in.

Please Pick-up After Your Pets and Keep Pets on a Leash at All Times

We understand that many of the residents in our community are pet owners. Owning a pet is a wonderful experience and it brings many joys to you as well. However, having a 4-legged addition to your family also brings many responsibilities.

If your new bundle of joy happens to be a dog, then one of the responsibilities is picking up after your pet. When you live in a community, you cannot just let your dog out and then close the door. Your pet must be on a leash at all times, and any pet waste MUST be picked up and disposed of in a waste receptacle. This is not only a community rule; it is an Orange County ordinance as well. The Association has installed several doggy stations throughout the community for your convenience.

Please use these receptacles to dispose of any dog waste. Dog waste is a hazardous substance and causes damage to grass and may spread illnesses to others.

It is also extremely important that your dog is on a leash for the protection of other animals and for the protection of people (especially children) who may encounter your pet within the community. Keeping your dog on a leash is also a protection for your pet since it safeguards them from dangerous situations.

If you see a dog unattended within the community, please notify **Orange County Animal Control** at the following number: **407-836-3111**. Thank you for your understanding and cooperation in this matter.

Washing Vehicles in The Community

We would like to remind all residents that washing vehicles in the community is not allowed, as it represents an unbudgeted expense for the association, which may cause instability in the current 2023 budget. Please refrain from washing your vehicle on Association property. Thank you for your understanding and cooperation.

Vehicles Speeding in The Community

We have received multiple complaints about speeding vehicles in our community. This is a serious safety concern, and we want to remind everyone of the importance of driving responsibly and adhering to the posted speed limits.

Speeding not only endangers the driver but also puts pedestrians, pets, and other drivers at risk. Children and pets, in particular, are vulnerable to speeding vehicles and can easily be injured in an accident.

As a community, it is our responsibility to ensure the safety of everyone who lives here. Here

are some steps you can take to help promote safe driving in our community:

- Follow the posted speed limits at all times, especially in residential areas where children and pets may be playing.
- Encourage your visitors and guests to drive responsibly and park their vehicles in designated areas.
- Report any incidents of speeding or reckless driving to the association or local law enforcement.
- Be aware of your surroundings and always drive defensively.

Let's work together to keep our community safe and enjoyable for everyone. Remember that speeding is not only against traffic ordinances but also puts lives at risk.

Thank you for your cooperation.

Pool Rules and the Pool Security System

Please be advised that the pool closes at sundown (dusk) every day. No unauthorized people may enter the pool after this time nor may they stay in the pool area after dusk even if they arrived prior to sundown. We would like to remind all residents that We did NOT choose this time. The State of Florida decided this for us! Since there is not enough light per State guidelines, we must close the pool when the sun goes down. We have had several

instances recently of Envera Security needing to ask residents to leave the area at or after dusk. Therefore, please ensure that you leave the pool area at the appropriate time.

Please be aware that Envera
Security system monitors the
pool every evening after dusk.
Therefore, anyone found at the
pool from dusk to dawn will be
asked to leave by Envera
Security. Envera will call the
Orange County Sheriff's
Department if necessary and
the responding officer will issue
trespass warrants if needed.

This is considered trespassing even if you are a resident of the community. This is the law for the State of Florida, and it will be enforced for the protection of our community assets and the safety of our residents. In addition, the Association will pursue recuperating any costs associated with damage to the pool caused by the inappropriate use of the facilities.

Next, there is a list of pool rules located in the pool area. Please take a minute and review these rules. One of the most important rules is the age limit for use. If you are under the age limit, you may NOT use the pool without a parent or guardian being present. This rule will be strictly enforced when personnel are present in order to ensure the safety of the children in our community. Accidental drowning in a swimming pool is a leading cause of death in Florida for

children. Please be advised there are no lifeguards at the pool, and the maintenance personnel are **not** trained in CPR or pool safety. Failure to comply with the Pool Rules may also result in you being asked to leave the area.

Thank you for your cooperation with this matter. If you have any additional concerns or questions regarding this issue, please contact the management office.

2023 Budget Requests

If you are interested in obtaining the 2023 Budget for your community, please feel free to review the document on the community website using the following link:

https://summerfieldatmeadowwoods.weebly.com/budget.html

Owner Access Platform

Please be advised that you may utilize an online owner access portal where you may login to manage your account and access community documents. With your Internet-enabled device, you are able to view your current account balance, check your payment history, view your open records and more!

We encourage everyone to utilize the on-line access platform by using the following link: https://owner.topssoft.com/DWD
ProfessionalManagement/Account/Login.

To ensure your privacy, only homeowners whose email address is on file have already received a registration email. If you have not already provided your email, please email your information to

info@dwdpm.com and include your community's name, address within the community, and the email address you want on file. This extra step is designed for the safety of your personal information because it allows us to verify each homeowner. Once your email address has been opted into the system, you will receive an email to register. For security purposes, a return email will be sent to confirm you are the owner of that email account.

If you received the registration email but the time has expired and you are in need of a new registration email, please contact our office by email at info@dwdpm.com with your request. Please make sure to include the email address you want us to use and we process a new registration email for you.

Please check your SPAM folder as it may be filtered automatically. After you click the link in the confirmation email you can create your password and your account will be registered. You will then be able to log into your account using your email address and the password you created when you registered. Please make sure to use Google Chrome which is the preferred web browser for the platform.

Off-Duty Sheriff's Deputy Patrols and Suspicious Activity

Your community is patrolled each week by an off-duty Orange County Sheriff's Deputy. The deputy is on patrol to spot suspicious activity, to help enforce traffic laws, and to help the people in communities we manage in Meadow Woods. If you see the deputy on patrol, and if you have noticed any suspicious activity, please stop the deputy and talk with him regarding your concerns. You should also call the Orange County Sheriff's Department at (407) 836-4357 to report suspicious or criminal activities.

The Sheriff's Department is the only organization charged with the protection of your property, and they are the only organization with the authority to approach and stop these people and their activities.

Please be aware that the deputy is only able to enforce state law

and county ordinances. If you see a community violation (i.e., parking on the grass), please call DWD Professional Management to address these concerns. Thank you.

Garbage Cans/Bulk Pick-Up

It has come to the Board's attention that many of the residents in the community are putting their garbage cans out a day or two before garbage collection day. In some instances, garbage cans are left out by the road for three to four days at a time. Per your community documents this is not allowed. All garbage cans are to be stored away from the road unless they are being placed out for garbage collection. The Board asks that all residents place their garbage containers out on the road no earlier than 6 PM the night before collection, and they must be returned to their proper storage areas by 6 PM the day of collection.

In addition, please remember that bulk pick-up is on Wednesday each week. Please follow the same rules for placing your items for bulk pick-up at the curb as you do for garbage pick-up as listed above. We also encourage you to contact the Orange County Solid Waste Department to ensure that your bulk items meet their guidelines. You may be required to schedule a specific pick-up time depending upon the type of item. You may contact Orange County Solid Waste at 407-836-6601. Finally, please do not place bulk pick-up in front of your neighbor's unit. Please place the items in front of your own unit.

Thank you for your understanding and cooperation with these matters.

Parking Permits and Regulations

If your vehicle does not have a proper parking permit for our community, you run the risk of your car being towed. All vehicles without a proper parking permit or a visitor's pass are to be towed without warning from the parking lots at the owner's expense.

Per the rules of your community, there are only two (2) parking spots per unit. Visitors are to use the designated spaces provided at all times of the day and they MUST place a visitor's pass on the rearview mirror when visiting from 12 AM – 6 AM. Residents

may not use a visitor's permit as a third or fourth permanent parking permit. Visitor's permits may only be used by someone staying overnight, and not for more than a week. This means seven (7) days total, whether or not they are seven (7) consecutive days. Residents should park in the resident spaces assigned to their unit only. Residents must use the spaces that are numbered with your unit's address that are located directly in front of your unit. Residents may NOT park in visitor's spaces. Residents who park in visitor's spaces are subject to towing. In addition, visitors may NOT park in reserved resident spaces AT ANY TIME.

If you have more than two cars, you may find additional parking by asking one of your neighbors if they have another parking spot available. Some owners only have one car and they may "donate" a spot to you. These owners are under no obligation to do so. If an owner would like to donate one of their parking spaces to you, we must have their permission in writing. Please contact our office if you need more information. Please be aware that if you do not find another owner to donate a parking spot to you, you must remove the vehicle from the community's parking lot or be subject to towing.

All owners who rent their units must inform their tenants of the requirement to have these parking permits **BEFORE** the

tenants move into the unit. Also, if you purchase a new vehicle, please use your visitor's pass temporarily until you can make arrangements with the management company to obtain a new parking permit. You may not transfer your parking permits from one vehicle to another vehicle. Each permit is assigned to a specific vehicle and they are non-transferable.

Please remember that is it your responsibility to obtain the proper permits for your vehicles, and that you only use the parking permits assigned to you. This provides a protection for all homeowners and tenants. We want to keep our parking lots available for only those vehicles that are authorized.

If you need a parking permit, you may obtain the parking permits from our management office. The address 9419 Tradeport Drive, Orlando, FL 32827. We will need a copy of your driver's license (for each vehicle), your vehicle registration (for each vehicle), and a copy of your lease if you are renting. Parking permits are always free.

In addition, please be aware that your car may also be towed if you do not follow the parking regulations. The towing company will be patrolling the parking lots looking for the following types of vehicles in violation of the parking regulations:

 All commercial vehicles (this includes cars/trucks with ladder racks, pipe racks, magnetic signs or lettering in the windows) (usually from 7 pm to 6 am, unless there is an emergency, i.e., you called a plumber at 3 am for a water leak.)

- Vehicles that do not have the proper parking permits. (This includes cars using inactive parking permits - permits that have been designated as inactive since they belong to a previous resident or a car that was sold by a current resident) (from midnight until 6 am)
- Boats, or any other recreational vehicles (24 hours a day, 7 days a week)
- Trailers (24 hours a day, 7 days a week)
- Vehicles without license plates or with expired license plates (24 hours a day, 7 days a week)
- Vehicles that are parked on the grass (24 hours a day, 7 days a week)
- Vehicles that are double parked (parked behind cars which are parked in parking spaces or cars parked in more than one parking space) (24 hours a day, 7 days a week)
- Vehicles parked in front of and/or blocking fire hydrants (24 hours a day, 7 days a week)
- Clearly disabled and inoperable vehicles that have not moved for 72

hours or more (24 hours a day, 7 days a week) Finally, if your vehicle or a vehicle of a guest is towed due to a violation of the parking rules and regulations, you should contact the towing company to resolve the situation. The Board has not authorized the management company to make ANY exceptions to the parking rules and regulations, and management plays no part in the towing of any vehicles. If you do not have a parking permit or visitor's pass or if you violate any other parking rules, you will be towed at your own expense and will not be reimbursed for any reason. Please be advised that the towing company, Universal Towing and Recovery, has moved from their previous location. The towing company's contact information is as follows: Universal Towing and Recovery, 407-816-0102, 206 6th Street, Lot 300 Orlando, Florida 32824.

No Fishing in Pond

It has been observed that there are individuals fishing in the pond in the community. This is strictly prohibited. Eating the fish from these ponds is not healthy for several reasons. First, most of the fish in the drainage ponds

around Central Florida are genetically modified carp. They have been bred so that they are sterile and cannot breed if they escape the pond and enter other waterways around the area. Another reason you should never eat the fish from these ponds is that these ponds are designed for the drainage of water off of the roads in the area. These waters are polluted with motor oil, radiator fluid, transmission fluid, brake fluid and any other fluid that may leak from a vehicle.

Finally, even if you plan to "catch and release" the fish, you are on private property and do not have the Association's permission to fish on the property. The insurance policy for our community does not cover any accidents that may occur from these types of activities.

Finally, these ponds may contain dangerous wildlife such as poisonous snakes or alligators. Therefore, for your safety, please obey the "No Fishing" signs and refrain from fishing in the community's pond. If you see anyone fishing in the pond, please contact the Orange County Sheriff's Department on their non-emergency line at 407-836-4357.

Window and Door Replacement Options

Please be aware that the doors and the windows belong to the unit owners. The Board of Directors approved new window and door options for residents to choose from for any proposed replacements. If you would like to replace your windows and/or doors, please contact the management company to obtain the approved list or you may view the list on the community website. Please use the following link to access this list: https://summerfieldatmeadowwo ods.weebly.com/architecturalchange-request.html). You should then fill out and return an Architectural Review Board application for the Board's review and approval. You may find the Architectural Review Board application with this newsletter (see below) and on the community website: www.summerfieldatmeadowwoo

www.summerfieldatmeadowwoo ds.com. If you have any questions or concerns, please feel free to contact the management office.

Payment Plan Options

If you are experiencing financial difficulties or job loss, please contact our office to set-up a payment plan. It is very important that you contact us to discuss this matter. We cannot set-up a payment plan if we are not aware of your financial situation.

If you have any other questions or concerns regarding your account balance, please feel free to contact the management office at 407-251-2200 or at info@dwdpm.com.

Water Usage - Please Conserve

We ask that all residents conserve water as much as possible and repair leaking sinks or toilets.

We also ask that you do not participate in water intensive activities that are against community rules and guidelines. For example, you may not use outdoor pools, water the grass outside your unit, or wash your vehicles. Outdoor pools not only use large amounts of water, they also pose a liability threat to the community since they are located on Association property and they are a danger to children due to possible drowning. Therefore, the use of these pools is strictly prohibited.

Please be aware that the grass is already watered using the Association's irrigation wells. The use of the wells for irrigation does not cost the Association money through Orange County Utilities.

If you are concerned about an area that may need water, please contact our office so we can make the needed irrigation repairs. Finally, washing your car in the community parking lot is also prohibited, as stated before.

If you are found engaging in any of these activities, the Board may fine your unit or take legal action against the owner if needed.

Please conserve water to the best of your ability since the increase in water usage has already required that the Association increase monthly assessments to cover these rising costs. We appreciate everyone's cooperation in this important matter. Thank you.

Pool Keys

If you need to obtain a pool fob for the community pool, please contact the management office at info@dwdpm.com or 407-251-2200. The management office will arrange a time for you to pick up your key fob at their office located at 9419 Tradeport Drive, Orlando, Florida 32827. Pool fobs cost \$20.00 each.

Accepted methods of payment are check or money order made payable to Summerfield at Meadow Woods HOA.

Please bring the following with you to the management office in order to receive your pool key fob:

Owners: You must bring a photo ID.

<u>Renters</u>: You must bring a photo ID and a copy of your current lease agreement.

Use of Bouncy Houses

Please be advised that the use of bouncy houses in multi-family housing such as Summerfield is **NOT** permitted under any circumstances. Please remember that all of the outside areas belong to the Association and are considered common area property. If someone were to get hurt, the Association could be held liable and the Association's insurance does not cover this activity. In addition, common area property could be destroyed or damaged. Therefore, bouncy houses are not permitted and should not be installed in any area within the community. Thank you for your cooperation and understanding.

No Trash or Storage of Items on Patios or at Front Entrances

The front door areas are to remain free of any furniture, trash, garbage bags or children's toys. Please be aware that these areas are under the Architectural Control of the Association. Any items placed in the front door area without an approved Architectural Review can be removed by the Association and a removal fee may be added to your account.

The back-patio area, even if is covered with a screen enclosure may **not** be used for storage. The only thing that may be placed in a screen enclosure room is patio furniture items.

These areas are NOT meant for the storage of boxes, trash, used car parts, old tires, broken electronics, or anything else other than the items mentioned above. We will be conducting an inspection of the property next month. If your front door area or back patio is currently being used for storage, you will receive a violation notice to remove these items. Thank you for your understanding concerning this issue.

Architectural Review Change Procedures

If you would like to make any changes to the exterior of the unit, including landscaping

changes (i.e., adding landscape edging or potted plants), or if you intend to make any structural changes to your property (i.e., screen enclosures or door/window replacements), then you will need to fill out the Architectural Review Board (ARB) application. An application must be completed and approved by the Board of Directors before any project may begin.

***Please be advised that the exterior of the unit, including landscaping, belongs to and is maintained by the Association.

Therefore, you may NOT remove or add items to this area without Board approval.

These applications will always be available on your community's website and they are included in this monthly newsletter (please see below). Please follow the instructions on the form and submit all of the required documents for your requested change. When you are submitting an application to the ARB remember to include the following:

- 1. Two (2) copies of the property survey that show the location of the proposed changed, alteration, renovation or addition.
- 2. Two (2) drawings of your plan(s).
- 3. Two (2) copies of color samples, if applicable. Please note that applications submitted without two (2) copies of the survey, drawing, or color sample will be considered

incomplete. If an application is incomplete, it will not be processed and will be returned to you.

If you have any questions, please call us at 407-251-2200, and we will be happy to assist you. Also note that management does NOT approve or deny any of these requests. We collect the applications and then submit them to the community's Architectural Review Board (ARB). The ARB is a group of volunteer homeowners who review the applications and approve or deny the applications based on your community's written criteria. Per Florida Statutes, this process may take up to 30 days.

As soon as the Board makes a decision, we will mail you a letter of approval or denial. Please make sure you do not proceed with any improvements until you receive your letter of approval. I hope this helps everyone understand the Architectural Review process a little better. If this still leaves you with any questions, please feel free to contact our office.

HURRICANE PREPAREDNESS PLAN

Hurricane Family Preparedness

☐ Hold a family meeting
□ Discuss the hazards of hurricanes. Encourage children to talk about their fears and explain some of the things you'll be doing to keep everyone safe. Start a written list of things you'll need to take care of and encourage everyone in the family to contribute their ideas.
□ Discuss whether you'll need to evacuate
□ Determine whether you live in an evacuation zone and, if so, where you will go if an evacuation order is given. Going to a family or friend's house or hotel outside the evacuation area is your best choice. If you choose to go out of town, do so well in advance of the storm. Since shelters provide for only basic needs, this should be your choice of last resort.
☐ Ensure your assets are protected
□ Inventory your home possessions and videotape or photograph items of value. Review your insurance policies to ensure you have adequate coverage.
☐ Assess your home for vulnerable areas
☐ Do a walk-through of your home and property to evaluate your roof, windows, garage door, landscaping, etc. and determine what actions you will take.
☐ Make a plan to protect your vehicles
□ Decide where you will store or park your vehicle, boat or RV. Check your vehicle insurance policy and keep it in the same safe place as your homeowner's policy.
□ Secure your home
□ Decide what actions you will need to take to protect your home and your property (shutters, generator, trim trees), and to keep as comfortable as possible during recovery.
□ Discuss whether anyone in your home is elderly or has special needs and, if so, make arrangements in advance to accommodate those needs.

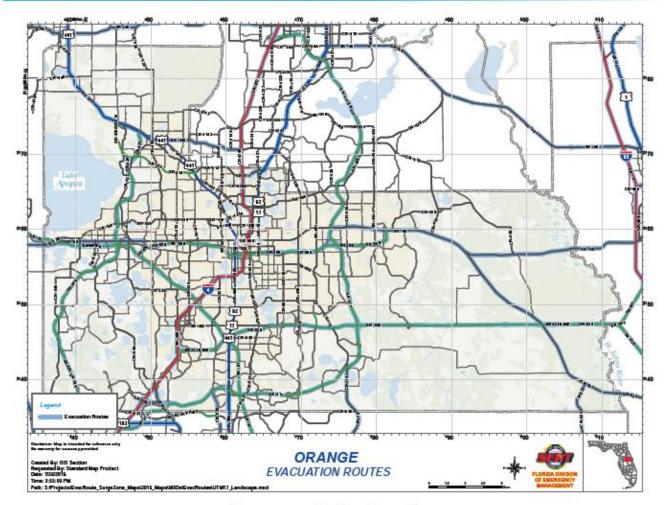

Hurricane Family Preparedness

□ Determine how you will address your pet's needs and make a plan for your pet in case you have to evacuate. If appropriate, plan for large animals such as horses
☐ Gather your supplies
☐ Determine your family's food, water and medical needs and assemble your hurricane kit according to those needs (see sidebar for essential items to include)
□ Notify others of your plan
☐ Let family or friends know what your hurricane plan is so they can check on you in the aftermath of the storm. Establish an out-of-town contact
□ Plan ahead for the possibility of becoming separated from your family and friends, whether it is a personal emergency or a larger-scale disaster
□ Start by designating a single, out-of-town contact that your family or household members can call, e-mail or text message should a disaster occur. If local phone service is overwhelmed, it may be easier to call outside the area. Your contact should be aware that they are your family's designated contact
$\hfill \square$ All of your loved ones should agree to call the out-of town contact to report their whereabouts and welfare
☐ Regular contact with your designated person will help to keep everyone informed. After initial contact and depending on the circumstances, you might set a specific check-in time
$\hfill\square$ When telephone lines are busy, e-mails or text messages may go through when calls cannot
☐ Create an emergency contact list; Include phone numbers and e-mail addresses for your designated out-of-town contact, loved ones, neighbors and other emergency numbers such as police, fire and your physician
☐ Make copies of the list for every family member and print a copy to keep by the phone and with your emergency supplies
☐ Make sure to secure outside structures and get all outside items and bring everything inside including patio chairs, grills potted plants and balcony items

THURRICANE PREPAREDNESS PLAN
